# Trade-marks Journal

# Vol. 63 No. 3205

## General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

## Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

## Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

## Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

## Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

## Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Telescopes, microscopes, cameras, centering apparatus for photographic transparencies, namely, slide framing apparatus, enlarging apparatus, namely, photographic photocopiers, photometers, shutters, namely, camera shutters, lens shutters, optical shutters, camcorders, cinematographic cameras, film cutters, optic apertometers, binoculars, projection apparatus, namely projectors, scanners, namely, computer scanners, laser scanners, barcode scanners, biometric fingerprint scanners, spectacles, laboratory precision balances, barometers, signal bells, alarm bells, measuring systems of any kind to measure physical and meteorological values directly and indirectly, namely weather stations, sensors, namely temperature sensors, air pressure sensors, wind sensors, barometric pressure sensors, humidity sensors, solar radiation sensors, visibility sensors, surface sensors, precipitation sensors, lightning detection systems, radar systems, satellites; audio tape recorders, video cassette recorders, video monitors, video tape recorders, DVD recorders, digital video recorders, televisions and television receivers; blank data carriers, namely video tapes, CD-ROMs, DVDs and other magnetic and optical data carriers, namely audio tapes, computer diskettes, USB sticks and electronic memory storage devices namely flash memory drives and external hard drives; pre-recorded video tapes; pre-recorded audio tapes; pre-recorded data carriers, namely CD-ROMs, DVDs and other magnetic and optical data carriers, namely computer diskettes, USB sticks and electronic memory storage devices namely flash memory drives and external hard drives, all of the foregoing containing music, computer and video game programs, computer operating programs, text, pictures, and movies; computers; computer software in the field of electronic games, entertainment, namely, television, namely television shows, news, weather, soaps and documentaries, film, namely movies, documentary films and comedies and radio entertainment, namely, radio broadcasts, radio news programs, radio weather programs and radio music shows, music, culture, sports, weather, climate, oceanography, hydrology, meteorology and environment namely, computer software for organizing and viewing weather data, climate data, hydrology data, digital images and photographs, computer software that allows transmission of graphics to mobile telephones, computer software to enhance audio visual capabilities of multimedia applications for integration of text, audio, graphics, still images and moving pictures; downloadable software applications for entertainment, namely ringtones, graphics, images, videos, namely photographs and digital pictures, movies, television shows and news shows, electronic games, education, namely educational games for children, educational software containing topics of instruction in the field of photography and news, e-learning software in the form of quiz and online-tests and information in the field of photography and news, social networks, weather, climate, oceanography, hydrology, meteorology and environment and downloadable software applications for purchasing, streaming of music, purchasing, streaming of videos and downloadable software applications containing information in the fields of music, finance, health and fitness, lifestyle, medicine, travelling, sports, entertainment, namely, music, TV, film and radio entertainment, namely TV shows, TV soaps, TV weather programs and TV music programs, movies and documentary films as well as radio news programs, radio weather programs and radio music shows, economy and weather, climate, oceanography, hydrology and meteorology and downloadable software applications for navigation and playing, purchasing video games, all for mobile phones and tablets; downloadable software applications in the form of educational books; software for indicating, processing, editing, saving, providing, analyzing and evaluating weather data, weather forecasts, severe weather warnings and other weather caused and weather related information; computer programs, recorded and downloadable, in the area of for providing information in the area of electronic games, entertainment, namely ringtones, graphics, images, videos, namely photographs and digital pictures, movies and television shows, music, culture, sports, weather, climate, oceanography, hydrology, meteorology and environment; software for geo-information systems, software based on geo-information systems and software using geo-information systems, namely digital mapping software for use in the field of geographic information systems, software that created and provides information related to weather in the field of geographic information systems and location-based services; software for nature hazard management; electronic publications, downloadable, in the area of meteorology, hydrology, oceanography and climatology; meteorological balloons; meteorological instruments and weather information and measuring devices and instruments, namely, thermometers, barometers, rain gauges, snow gauges, air quality meters, hygrometers, anemometers, weather stations, weather transmitters, wind speed controller, air quality controller, heat stress tracker, wind tracker, rainfall recording system, pyranometer, radiation shield, solarimeters, lightning detectors, weathervanes; meteorological sensors, namely temperature sensors, air pressure sensors, wind sensors, barometic pressure sensors, humidity sensors, solar radiation sensors, visibility sensors, surface sensors, precipitation sensors; satellites for scientific purposes; water level indicators; anemometers; wind socks for indicating wind direction; paper towels, table napkins of paper, coasters, namely, paper coasters, drink coasters, glass coasters, cardboard coasters, covers, namely, book, CD, DVD, VHS, and record covers, filter paper, handkerchiefs of paper, toilet paper, nappies of paper, packaging of paper and cardboard, namely, paper and cardboard boxes, paper and cardboard bags, advertisement boards of paper and card, cards, namely, note cards, place cards, and business cards, postcards, greetings cards, works of art and figurines of paper and cardboard, and architects' models; # Together We Are Stronger

**Certification Mark Text**

Together We Are Stronger represent those affected with Syringomyelia & Chiari Malformation.

**Disclaimer**

The right to the exclusive use of the word Together We Are Stronger was created after I was diagnosed with Syringomyelia. I knew no one with the condition and my experience was inhumane. I decided to do something about it. I started a social network to support those around the world in one area, a community to share, learn and support each other. As more people came to my support group, I realized through helping others, and the more people came on board I became stronger as a person, and otherd became stronger as well, having someone there can relate who can relates and support you makes you stronger emotionally. That's how I came up with the words, Together We Are Stronger. is disclaimed apart from the trade-mark.

### Trademark Description

The mark consists of the words BC PORK PROUDLY GROWN CLOSE TO HOME and the outline of the pig's head.

### Certification Mark Text

The certification mark, when affixed to the wares shall indicate to the purchaser that the wares have met the standards set by BC Pork Producers Association. The goods consist of pork or pork products. In order for the certification mark to be affixed on the goods, they have to meet the following standard: 1. All hogs must be grown by BC farmers in the province of British Columbia. 2. BC pork producers have to follow Canada's Code of Practice for the Care and Handling of Farm Animals - Pigs. 3. BC pork producers have to participate in the Canadian Pork Council's Canadian Quality Assurance program and Animal Care Assessment. 4. BC pork producers have to participate in a Production Protocol Enhancement Plan, which sets standards for a range of production issues. The owner of the certification mark shall approve the point of sale materials to be used bearing the certification mark. The certification mark shall only be marked on pork or pork products if they conform to the standards and specifications set out by the owner of the certification mark. Full particulars of the standard can be found on the applicant's website www.bcpork.ca Complete copies of all documentation are contained on file. The applicant is not engaged in the manufacture, sale, leasing or hiring of goods or the performance of services such as those in association with which the certification mark is used.
